

**Dear Supporter:**

We are writing to ask for your support of the upcoming Mid-Atlantic Invasive Plant Council Conference that will be held on **August 4 & 5, 2015** at Juniata College in Huntington, Pennsylvania.

The mission of the Mid-Atlantic Invasive Plant Council (MAIPC) is to address the problem of invasive plants and their threat to the Mid-Atlantic region's economy, environment, and human health by providing leadership, facilitating information development and exchange, and coordinating regional efforts

As you may know, MAIPC holds a biennial conference where we bring leading practitioners, academics, and advocates from government, business, conservation organizations, and academia together for a two-day symposium. This year the conference is titled "[Advances in Invasive Plant Science: Applying research outcomes to management and restoration at the species, community, and landscape levels.](#)"

Please consider becoming a sponsor of our conference. Sponsorship is a wonderful way to promote your organization to the larger invasive plant and habitat restoration community. It also helps us keep the event affordable to a wider audience. Sponsorship levels and benefits are listed below:
