

# NON-NATIVE AND INVASIVE PLANTS IN DELAWARE

William A. McAvoy

Species Conservation and Research Program

Delaware Division of Fish and Wildlife

Delaware Dept. of Natural Resources and Environmental Control

4876 Hay Point Landing Rd., Smyrna, DE 19977

[William.mcavoy@state.de.us](mailto:William.mcavoy@state.de.us)

March 2016

This list consists of 721 species, varieties and subspecies (taxa) of non-native plants, which represents 31% of the Delaware's flora (2324 total taxa, 1603 taxa are native). Of the 721 non-native taxa listed, 79 are classified as invasive and 188 are watchlist species.

**Non-native:** A species that is not native to North America (north of Mexico). Non-native species are thought to have been introduced by humans, primarily through agricultural or horticultural practices. These species have become established in Delaware and are reproducing as if native (i.e., naturalized).

**Adventive (highlighted in bold):** A species native to North America, but not to Delaware that is now found growing in Delaware outside of its natural range. Adventive species are not considered to be part of Delaware's native flora. These species usually arrive due to the human-caused breakdown of natural barriers to dispersal. Adventive species also include plants that have been introduced, or intentionally planted in Delaware and are now escaping and surviving without cultivation.

**Invasive:** A species that causes environmental harm. Invasive species are very aggressive and out-compete and displace native flora and fauna.

**Invasive Watchlist:** Invasive species that are not yet well established in Delaware but have the potential to become abundant and widely distributed throughout the state. Invasive Watchlist species are often a priority for concern in surrounding states.

## NON-NATIVE AND INVASIVE PLANTS IN DELAWARE

SCIENTIFIC NAME	COMMON NAME	INVASIVE	INVASIVE WATCHLIST
<i>Abutilon theophrasti</i>	velvet-leaf		
<b><i>Acer nigrum</i></b>	<b>black maple</b>		
<i>Acer palmatum</i>	Japanese maple		X
<i>Acer platanoides</i>	Norway maple	X	
<i>Acer pseudoplatanus</i>	sycamore maple		
<i>Achillea filipendulina</i>	fernleaf yarrow		
<i>Achillea millefolium</i>	yarrow		
<i>Acorus calamus</i>	European sweetflag	X	
<i>Aegopodium podagraria</i>	Bishops goutweed		
<i>Aethusa cynapium</i>	fool's-parsley		
<b><i>Agastache foeniculum</i></b>	<b>blue giant-hyssop</b>		
<i>Agropyron cristatum</i>	crested wheatgrass		
<i>Agrostemma githago</i>	corncockle		
<i>Agrostis canina</i>	brown bentgrass		
<i>Agrostis gigantea</i>	giant bentgrass		X
<i>Agrostis stolonifera</i> var. <i>palustris</i>	marsh bentgrass		
<i>Agrostis stolonifera</i> var. <i>stolonifera</i>	spreading bentgrass		X
<i>Ailanthus altissima</i>	tree-of-Heaven	X	
<i>Aira caryophyllea</i>	silvery hairgrass		
<i>Aira praecox</i>	early hairgrass		
<i>Ajuga reptans</i>	carpet bugleweed		X
<i>Akebia quinata</i>	five-leaf akebia	X	
<i>Albizia julibrissin</i>	silk tree mimosa		X
<i>Alcea rosea</i>	hollyhock		
<i>Alliaria petiolata</i>	garlic mustard	X	
<i>Allium oleraceum</i>	wild garlic
